DAZZLING

1957
Oriental Poppies

5556X

Any 5 for
\$2.69

BIG JIM. 5551. Beautiful deep maroon. Shows up brilliantly in the garden. Very vigorous; free-blooming.

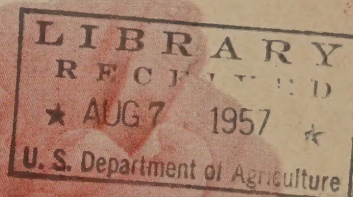

HELEN ELIZABETH. 5552. Considered the best pink. Rugged grower. Erect 34-inch stems topped by La-France Pink flowers.

MRS. PERRY. 5553. A distinct salmon-pink. The color makes a splendid contrast with dark red and maroon varieties.

SALMON GLOW. 5554. A fine salmon-orange. Huge double flowers measure 8 inches across. Strong, upright grower.

WARLORD. 5555. A beautiful dark-red. Makes a perfectly dazzling display in large group plantings.

75c each; 2 for \$1.45; 4 for \$2.45, postpaid.

EMLONG NURSERIES, Inc., Stevensville, Michigan

FALL SALE

Tulip Sale Giant Red Emperor

5205. Superior quality bulbs — imported direct from Holland. Red Emperor is the earliest and largest of all Tulips! Unequaled in size and brilliance of color. Magnificent flowers of blazing vermillion-scarlet, with yellow base. When half opened, the bloom shows a beautiful deep-black butterfly-heart. Truly sensational in group plantings! 10 for \$1.00; 25 for \$2.25; 50 for \$4.45; 100 for \$7.95, postpaid.

ALBINO. 5001. (Cottage.) A stately and handsome Tulip. Globular flowers of gigantic size and pure white color. Flowers are produced on strong stems and are of great beauty and substance.

AUREOLA. 5002. (Triumph.) Large, perfectly formed, red flowers with broad yellow edges. A very beautiful variety for bedding; remaining in perfect condition throughout blooming season.

ORANGE BEAUTY. 5008. (Breeder.) A magnificent flower of bright flame orange. A new variety that fairly sparkles in the sunshine. It makes a tremendous show in the garden and has remarkable lasting qualities.

PEACH. 5009. (Darwin.) A new variety, of superb soft pink coloring. Delicate, yet rich appearing. Good large flowers are carried on erect stems and have unusual lasting qualities. A splendid all-round garden Tulip.

PRINCESS MARGARET ROSE. 5012. (Cottage.) Brilliant yellow flushed with orange-red. The flower is substantial, well formed and large; stem strong and wiry. A lovely combination where a bright color is needed, it is superb.

RED GIANT. 5010. (Triumph.) Huge, well-formed flowers of great-substance. The color is a luminous scarlet-red throughout. Vigorous growing habit. Strong, erect stems.

SCOTCH LASSIE. 5014. (Darwin.) Flowers are very large and slightly reflexing. The color is pure deep-lavender with dark-blue base. One of the best in this color class.

YELLOW GEM. 5016. (Cottage.) A real beauty, of rich golden-yellow color. Vigorous growing; excellent for bedding or border. A mass planting will present a gorgeous display of color during the month of May.

BARTIGON MAXIMUM. 5003. (Darwin.) Large, globular-shaped flower of clear crimson-red; pure white base with broad ring of deep blue. A magnificent all-round variety.

DORRY OVERALL. 5005. (Darwin.) A large, handsome flower of heavy substance and good form. The color is a lovely clear lavender with lighter edge.

GOLDEN YELLOW. 5006. (Darwin.) A splendid new variety. The flowers are very large, carried on tall, strong stems. A deep golden-yellow color, shading to soft orange at edges.

KING GEORGE V. 5004. (Darwin.) Beautiful, well-formed flower of deep cherry-red with blue and white base. Makes a very pleasing effect in garden and bouquets.

MAGIC FIRE. 5007. (Darwin.) New, large, deep flaming red flower of perfect form. An outstanding variety in every respect. Vigorous grower; tall, strong stems. Sure to create a sensation wherever it is planted.

PRINCESS ELIZABETH. 5011. (Darwin.) Handsome flowers of lovely soft rose with topaz lights and Fuchsia shadowings on exterior of petals. Very showy in large groups or in the border.

QUEEN OF THE NIGHT. 5013. (Darwin.) One of the best "Black" Tulips. The flower is extremely large and a rich blackish-maroon color. It is very effective for rich color effects among other Tulips in the border.

WHITE TRIUMPHATOR. 5015. (Darwin.) A vigorous growing variety, producing a flower of enormous size on strong, erect stems. The flower is pure white, of excellent form and substance.

King Alfred

GIANT DAFFODILS

These giant-flowered Daffodils will achieve the gayest most striking color effects in your garden for years to come. Easy to grow; require very little care. They multiply rapidly, doubling in number each year.

KING ALFRED. 5353. A king among the fine varieties. Rich, lustrous golden yellow throughout. Perianth often measures 4 inches across, trumpet full 2 inches. The finest of all golden yellow Narcissus.

CHEERFULNESS. 5351. A beautiful Gardenia-type Narcissus; each bloom has 40 to 50 milk-white petals. Vigorous growing; well-formed flowers, very fragrant. A good hardy grower which forms nice clumps in a short time.

GERANIUM. 5352. A variety well worth growing. The pure white perianth is round and flat, more than 2½ inches across. The cup is very brilliant orange-scarlet. Strong grower, fine substance and wonderfully free flowering.

WHITE KING ALFRED. 5356. A sport of the yellow King Alfred, and a most unusual Daffodil. Flowers are all-white, very large and well-formed. Early blooming. It grows well, blooms freely and has long stems.

EM LONG'S Glorious Hardy Phlox

These perennial Phlox grow to a height of 12 to 24 in. the first season and bloom for many weeks. Flower heads grow 5 to 8 in. long. These are the newest types with thickly clustered flowers.

AMERICAN BEAUTY. 2151. Large florets of American-Beauty pink.

CAROLINE VANDENBURG. 2153. The nearest to blue in Phlox.

CHARLES CURTIS. 2152. Large flower heads of clear and sparkling sunset red. Will not fade. Excellent foliage.

CHIEFTAIN. 2154. Very deep crimson, non-fading flowers.

ELIZABETH ARDEN. 2157. Extra large flowering; soft pink.

PINKETTE. 2158. Large florets of soft, delicate pink, very lovely.

SALMON GLOW. 2168. Large florets of flame-pink with salmon shades.

SAN ANTONIO. 2159. Large heads, vivid carmine, shaded plum.

BRIGADIER. 2161. New, scarlet-red with white eye; very large.

WORLD PEACE. 2163. Large flower heads and florets of purest white.

Parrot TULIPS

TALL, EXOTIC, FRILLED BLOOMS

These distinctive Tulips are entirely different from all others, due to their attractive fringed and waved flowers. They bloom with other tall growing varieties. Priced low so you can include them with your other Tulips.

BLACK PARROT. 5101. A welcome color addition to this interesting family of Tulips. It is a sport of the purple-black Philippe de Comines. This is entirely a new color in Parrot Tulips. Large deep velvety maroon, almost black. Fine substance. **3 for 65c; 5 for \$1.00; 10 for \$1.75; 25 for \$3.95, postpaid.**

BLUE PARROT. 5102. 26 inches. A glorious flower of bright violet, shading to steel-blue. As blossom opens it gradually changes to a most pleasing blue; very large flower with strong stem. Sport and color of Darwin Tulip, Bleu Aimable. Highest recommended. **3 for 60c; 5 for 90c; 10 for \$1.50; 25 for \$3.50, postpaid.**

FIREBIRD. 5103. 20 inches. A grand new addition to the Parrot class, of a penetrating red, with the center of the beautifully ruffled petals marked green on the outside. Huge in size and very colorful. Tall growing and strong stemmed. It is really gorgeous! **3 for 60c; 5 for 90c; 10 for \$1.50; 25 for \$3.50, postpaid.**

FANTASY. 5104. A beautiful salmon-pink. This Tulip being a sport of Clara Butt produces a very similar color to Clara Butt, but deeper pink inside the petals. The lacinated petals, the delicate coloring and unusual form, create a flower of rare beauty. **3 for 60c; 5 for 90c; 10 for \$1.50; 25 for \$3.50, postpaid.**

ORANGE PARROT. 5105. Dark orange with faint markings of old gold. Very strong stem, which holds the colossal flower upright. Undoubtedly the best Parrot in this color. A center of attraction. **3 for 65c; 5 for \$1.00; 10 for \$1.75; 25 for \$3.95, postpaid.**

NEW PARROT TULIPS

PARROT WONDER. 5106. A sensational new flower — a sport of the Darwin Tulip, Pride of Haarlem. The glistening purple red blooms are of great substance, extremely large with heavy petals. About 22 in. Flowerst last from 3 to 4 weeks in garden or when cut. **3 for 65c; 5 for \$1.00; 10 for \$1.75; 25 for \$3.95, postpaid.**

TEXAS GOLD. 5107. This is a novelty of great value, it is a sport of Inglescombe Yellow, flowers are the same glossy golden yellow color streaked with red. Blooms are heavily lacinated and open to an enormous width. A beautiful and striking new Parrot Tulip. **3 for 65c; 5 for \$1.00; 10 for \$1.75; 25 for \$3.95, postpaid.**

Peony-Flowered DOUBLE TULIPS

These gorgeous Tulips are among the last to bloom, ending the season with a breath-taking burst of color. The flowers are very large, full double, resembling a peony in full bloom.

ROCKET. 5154. The newest red Peony-Flowered Tulip and a beauty! Immense blooms of rich deep red.

EROS. 5151. Beautiful shade of clear old-rose. Makes a fine display. Height 20 inches.

UNCLE TOM. 5156. Deepest, glistening red. Extra double, fine flower shape. Height 22 inches.

MT. TACOMA. 5152. Magnificent pure white. Enormous flowers. Height 18 inches.

NIZZA. 5153. Light clear yellow with Scarlet-red stripes. Exquisitely formed blossoms. Fine for cutting and excellent for border plantings. Height 22 inches.

CREEPING PHLOX

(Phlox Subulata)

An early spring blooming perennial with moss-like evergreen foliage. During the blooming season, April and May, the foliage is hidden under masses of bloom. Ideal for terraces, banks, borders, rockeries. Phlox Subulata should be grown in full sun for best results. In shaded areas phlox will die within a year. A perfect plant to add a splash of color to unsightly areas. Choice of Colors:

2180 ALBA. White.

2186 ATROPURPUREA. Deep carmine-red.

2182 LAPHAMI. Lilac.

2184 MOERHEIMI. Charming pink.

New PINK DAFFODIL

MRS. R. O. BACKHOUSE

5355. This delicately beautiful daffodil is undoubtedly the best known of the few "Pink Daffodils." Its informal ivory-white perianth and beautifully proportioned, deeply fringed trumpet of apricot-pink make it an exceptional beauty. Early blooming and long lasting. The envy of your flower loving friends. 2 for 50c; 5 for \$1.00; 10 for \$1.75, postpaid.

You're Always Welcome At Emlong's

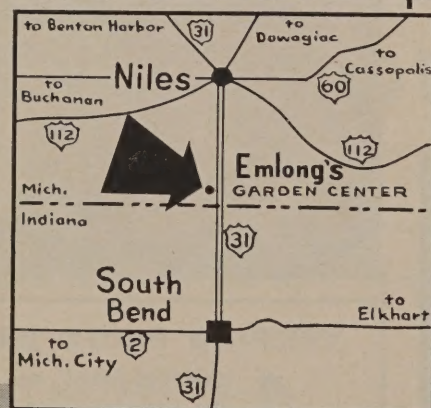

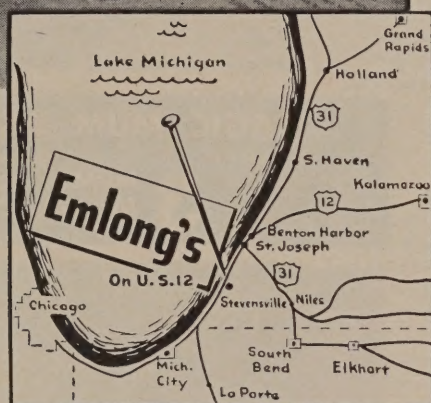

2

CONVENIENT LOCATIONS

To Serve You

**Open Seven Days
A Week
During Planting
Season**

EMLONG'S HOME OFFICE & DISPLAY GROUNDS

Located right on U. S. 12 near Stevensville, Michigan.

We invite you to shop in comfort at our large nursery "supermarket" — offering the largest selection of nursery stock in Western Michigan.

Personally Select Your Planting Needs, from our vast display of top quality plants, shrubs and trees. Our staff of experts will gladly answer questions and advise you on your planting problems.

Open 7 days a week, during planting season, for your convenience.

Fall Chrysanthemum Display. Set aside a date now to visit us during September and October. More than 25,000 'Mums will be in bloom in glorious color. Select and dig your own plants — we'll furnish the spade and containers. These plants available only at Stevensville Home Office.

EMLONG'S DRIVE-IN GARDEN CENTER AT NILES

Located on U. S. 31, between Niles, Mich., and South Bend, Indiana. Offers the same large selection of nursery stock as our home office. Experienced nurserymen on duty will be happy to answer your questions and advise you concerning your gardening problems. Open 7 days a week, during planting season.

**BUY DIRECT FROM GROWER
AND SAVE**

WHY *Fall Planting* IS IDEAL

- It is agreed by experts that fall is an ideal time to plant nearly all varieties of trees, shrubs, and plants. The early fall rains give them a flying start.
- Many shrubs and plants planted in the fall will bloom exceptionally well in the spring, whereas, spring planting may not be favorable to an early bloom.
- The condition of the soil is usually very excellent for successful transplanting in the fall. A wet spring or a dry spring might make it impossible for you to plant.

WE RETURN ALL PAPERS. All papers pertaining to your orders will be returned to you when the order is acknowledged. Do not destroy them. If it becomes necessary to write us **AT ANY TIME** in regard to your order, be sure to return everything, including correspondence, original order and shipping tags. It is not necessary to return planting instructions.

WE PAY POSTAGE ON MOST ITEMS

You will please note that most items listed in our Fall Catalog are delivered to you postpaid, and are so listed. This saves you money.

There are, however, some items that are too large to ship by parcel post, such as fruit trees and shade trees. There are items such as hedge plants and some varieties and quantities of berry plants that are listed at such a low price for the high quality of stock that we cannot afford to pay the shipping charges. These items are shipped to you transportation charges collect.

In some orders there are trees which must go by express, and also some stock which would ordinarily go by prepaid parcel post. In order to avoid making two separate shipments we send the entire order by express. For this privilege we include extra stock which has a greater value than the amount of the extra transportation charges. When selecting this extra stock for you we choose items that fit in with the other items on your order.

ORDER BY MAIL

Mail order buying of nursery stock is the **best way**, because plants are handled by experts and they do not lie around under the questionable care of incompetent persons. We will ship at the proper planting time. **Strawberries cannot be shipped until Oct. 10.**

OUR GUARANTEE

We guarantee high quality stock, exactly as represented. Government inspected, true to name and to arrive safely, in a healthy, live growing condition.

REPLACEMENTS — We guarantee our plants to grow, if given intelligent handling, proper planting and reasonable care. Weather conditions, carelessness, and lack of experience by the planter, are conditions beyond our control. Regardless of this, EMLONG'S will replace any plants that fail to grow, at half the original purchase price, if notice of failure to grow is made by May first the following Spring.

1. Our nursery stock is all state inspected by experts.
2. Our nursery stock is free from disease.
3. Our nursery stock is backed up by 60 years of growing experience.
4. The quality of our nursery stock is excellent, because it is grown by experienced propagators and skilled help.
5. Our nursery stock is guaranteed to give satisfaction.

Extra GIFTS with Your Order

With your order from this 1957 Fall catalog, received by us not later than November 1, you may select premiums as follows:

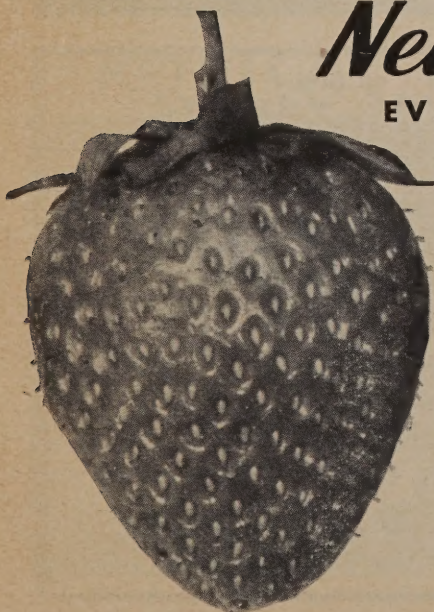

With each order of \$ 5.00 you may select one of the 5 premiums listed below.

With each order of \$10.00 you may select two of the 5 premiums listed below.

With each additional \$5.00 you may select one premium.

20 Mixed Bulbs
for only **\$1.00**
Postpaid

Crocus are among the easiest of all flowers to grow, and thrive with little or no care at all. They multiply with amazing rapidity and come back year after year with an ever-increasing richness of flowers. **We offer mixed colors only . 25 Bulbs for \$1.20; 50 Bulbs for \$2.25; 100 Bulbs for \$4.25, postpaid.**

5361X. A fine mixture of large, high-quality bulbs, including long and short trumpet varieties. Also giving the longest possible blooming period. Plant among trees and shrubs for a natural woodland effect. Daffodils multiply rapidly, producing large, brilliant flowers giving you an ever-increasing number of lovely flowers year after year. The easiest way to achieve this naturalized effect, is to scatter bulbs on the ground, a handful at a time; then plant them wherever they fall. **Large bulbs, 25 for \$2.10; 50 for \$3.75; 100 for \$6.95, postpaid.**

75 Bulbs, \$6.90
Value for only **\$4.25** Postpaid

Double Mt. Shasta Daisy

BEAUTIFUL HARDY

Perennials

DOUBLE MT. SHASTA DAISY

2034. Beautiful, new double-flowering Daisy that will add distinction to your garden. Large pure white blooms with high tufted center and petals fringed at the edges. Tall growing with tough, wiry stems, perfect for cutting. One of the most popular and widely used of all hardy perennials because of its six-weeks blooming season in midsummer. For a great profusion of beautiful blooms for garden and bouquets, try a planting of this outstanding variety. **60c each; 3 for \$1.75; 5 for \$2.75, postpaid.**

FOXGLOVE — Shirley Hybrid

2046. Beautiful "wedding-bell" flowers in a wide range of solid and two-tone colors with dotted throats. Flower heads are 2 to 3 feet long, thickly clustered with large bell-shaped blossoms. For continuous bloom nearly all summer cut off old stems when flowers fade. **40c each; 3 for \$1.00, postpaid.**

VIOLAS

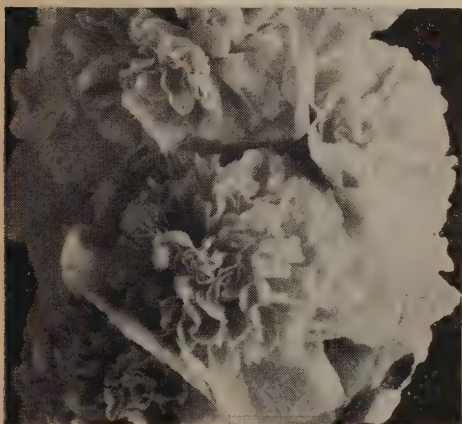

Often called Hardy Pansies. Plants grow 6 to 8 inches tall; thrive anywhere and bloom from early spring until frost. Perfect for low borders and masses of color in the rock garden. Your choice of colors: **2085, Admiration; 2086, Blue Perfection; 2087, Georgia Peach.** **40c each; 2 for 75c; 4 for \$1.35, postpaid.**

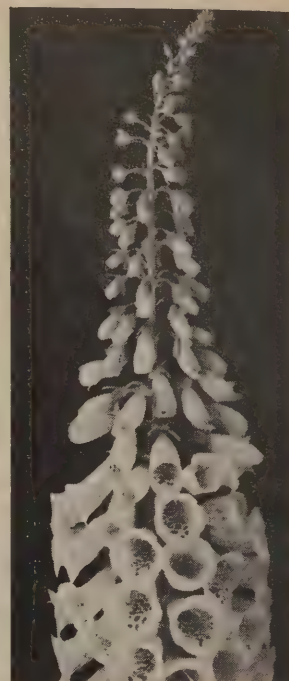

Violas

DOUBLE HOLLYHOCKS

New hybrid strain of an old garden favorite. One of the best background plants for hardy border and for a mass of color against walls and along fences. Produces large, double, very lovely flowers. Hardy, grows 5 ft. tall. Colors: **2059, Newport Pink; 2060, Chamois; 2051, Lilac Beauty; 2062, Scarlet Prince; 2063, Maroon; 2065, Golden Yellow.** **40c each; 3 for \$1.10; 6 for \$1.95, postpaid.**

Double Hollyhocks

Foxglove

PLATYCODON

One of the most satisfactory hardy plants for use in the flower border or rockery. The balloon-shaped buds, that later open into star or bell-shaped flowers, are borne at the ends of the slender leafy stems. The plants grow from 1 to 2 foot tall and produce flowers all summer. **2070, Blue.** **40c each; 3 for \$1.00, postpaid.**

Platycodon

TROPICAL HOUSE PLANTS

ROSE GARDENIA

2070. Though considered a hothouse plant, you can grow them successfully in your own home. In a sunny window, they will bloom all winter long, delighting you with their lovely fragrance and delicate beauty. Set them in the garden during summer, in sunken pots. **Blooming-Age Plants, \$1.10 each; 2 for \$2.10, Postpaid.**

DWARF LEMON

Patented Everblooming ROSES

PEACE. 1668. (Plant Pat. No. 591.) A.A.R.S. Award Winner. Ovoid buds of golden yellow etched with pink; as they slowly open the color changes from canary-yellow to pale gold, to iridescent cream. The gorgeous 6-inch blooms are carried on strong, erect stems. Delicate fragrance. Attractive holly-shaped foliage. **2-yr. No. 1 bushes, \$2.50 each; 3 for \$6.60, postpaid.**

MIRANDY. 1664. (Plant Pat. No. 632.) Glamorous, deep-crimson blooms open from long, ovoid buds. Blooms are very large and double, with 40 to 50 petals, freely borne on long stems. Has penetrating damask fragrance. Especially fine for cutting. **2-yr. No. 1 bushes, \$2.25 each; 3 for \$6.00, postpaid.**

HELEN TRAUBEL. 1658. (Plant Pat. No. 1028.) Unusually long, graceful buds open to very large flowers of excellent form and substance. The color varies from light sparkling pink to a luminous apricot and even approaches an orange tone at times. Exceedingly vigorous and free blooming. Excellent foliage. Pleasing fragrance. **2-yr. No. 1 bushes, \$2.75 each; 3 for \$7.20, postpaid.**

MOJAVE. 1660. (Plant Pat. No. 1176.) Winner of only A.A.R.S. Award for 1954. Named for the famous California desert, Mojave's rich coloring is typical of a desert sunset—glowing orange shot with flame-like tones of scarlet and vermilion. **2-yr. No. 1 bushes, \$2.75 each; 3 for \$7.20, postpaid.**

CHRYSLER IMPERIAL. 1652. (Plant Pat. No. 1167.) Newest of the red Roses. An exciting vivid crimson-red enhanced by vibrant overtones of dark oxblood red. Long tapering buds open to very large blooms with 40 to 50 wide petals. **2-yr. No. 1 bushes, \$2.50 each; 3 for \$6.60, postpaid.**

Hardy CLIMBING ROSES

BLAZE. 1702. (Everblooming.) Double, well-shaped, blazing-red flowers in large clusters. Blooms in great quantities all through long blooming season. A hardy, reliable variety. **\$1.50 each; 3 for \$3.95, postpaid.**

CLIMBING TALISMAN. 1712. (Everblooming.) Rich orange-yellow buds open into large blooms of salmon-orange shaded with red and gold. Very fragrant. Vigorous grower. **\$1.50 each; 3 for \$3.95, postpaid.**

CLIMBING CRIMSON GLORY. 1704. (Plant Pat. No. 736.) (Everblooming.) Deep, velvety crimson blooms, richly perfumed. Produced in great abundance. **\$2.50 each; 3 for \$6.60, postpaid.**

THIS FALL . . . PLANT EMLONG'S *Hardy* HEDGES

← HARDY PRIVET (Amoor River North)

1110. Easiest to grow of all Privets. Very hardy; thrives under favorable planting conditions. Makes an attractive hedge in all seasons with its glossy green leaves and clusters of white flowers, followed by berries. Trim to desired height and shape any time during summer. Leave untrimmed for foundation and screen plantings. Set bushes 9 to 12 inches apart. For a wider hedge, plant 2 rows, alternating the plants. Well branched, well rooted bushes.

Prices:	10	25	50	100
12-18 in.	\$1.95	\$3.95	\$ 6.95	\$12.95
18-24 in.	2.95	4.95	8.95	15.95
2-3 ft.	3.95	6.95	11.95	

ROSA MULTIFLORA – A Living Fence →

1112. Now you can have a natural living fence that will last for years, without expensive upkeep. **Rosa Multiflora** is the amazing new hedge material that garden and farm magazines have written so much about recently. The plants are very hardy; grow rapidly, and in just a few years will make a hedge dense enough to keep all types of animals in their place.

Eliminate expensive repair bills and maintenance costs by planting **Rosa Multiflora** wherever a fence is needed. Easy to grow; thrives under most soils and conditions of weather. Requires no training, pruning or clipping. Grows to a height of 8 feet, blooms each year. Plants should be set 12 in. apart.

2-3 ft.50	2.45	4.85	9.95	17.95

(5) Pink Tartarian HONEYSUCKLE

1106. No hardier plant can be found than Honeysuckle. Grows to a height of 8 to 10 feet with upright, somewhat spreading branches. Foliage is bright green. Flowers are borne freely in May and June. Fragrant. Plant where a bush of color is needed for contrast with your other shrubs. **Heavy Hedging-grade.**

	5	10	25	50
12-18 in.	\$2.10	\$3.95	\$8.95	\$16.95

CHINESE ELM HEDGING

1108. A very popular hedge plant, especially valuable where rapid growth is important. Extremely hardy and drought-resistant; thrives everywhere. In just a few years after planting, you will have a compact, dense screening hedge. May be trimmed to any desired height. Trim the same as Privet or other hedges. Plant 12 inches apart.

HYDRANGEA P.G.

1372. One of the showiest shrubs in cultivation. Immense, cone-shaped blooms of white appear in early summer turning to shades of pink and bronze as the season progresses. Grows 4 to 6 feet tall, blooming from mid-summer until frost. Thrives in sun or shade. Hardy everywhere. Fine for cutting, lasting a long time. A real beauty wherever planted.

Pink Tartarian
Honeysuckle

HYDRANGEA A.G.

1370. An upright shrub growing to a height of 3 to 4 feet with large, attractive heart-shaped leaves. Huge flowerheads of pure white are borne in early summer lasting until fall. It is an excellent shrub for foundation and border planting. Does well in either sun or shade. Perfectly hardy, thrives everywhere. A garden standout! Attractive foliage all season.

Hydrangea A.G.

PINK WEIGELA ROSEA

1428. Beautiful trumpet-shaped, rose-pink flowers are borne in thick clusters all along each branch. Blooms are produced in great profusion during May and June. Shapely, pointed leaves. Grows 4 to 5 feet tall. May be trimmed as desired.

PERSIAN LILAC

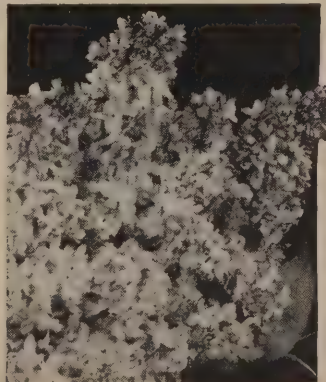

1390. A dwarf variety with slender, arching branches tipped with large loose clusters of fragrant purple flowers. A more profuse bloomer than the common variety. Can be used to advantage in groups, masses or in the foreground of tall growing shrubs. Their beauty and sweet fragrance are known by all.

CALYCANTHUS (Sweet Shrub)

1340. Commonly called Sweet Shrub. The handsome, bronze-chocolate flowers produced in June are most enchanting because of their spicy fragrance. Odd looking pods develop later which are filled with brown, aromatic seeds. During summer, the plant is neat and handsome with glossy, corrugated foliage. Grown 4 to 6 ft. tall.

Calycanthus

Persian Lilac

PINK TARTARIAN HONEYSUCKLE

1362. Pink Tartarian is the shrub form Honeysuckle with flowers much larger and brighter in color than other varieties. A profusion of bright pink blossoms in spring, followed by loads of brilliant red berries in fall. Medium tall.

SCARLET FLW. QUINCE

1396. Loads of bright scarlet-red flowers with golden stamens charmingly arranged along the stems in early spring. Foliage is green tinged maroon. Grows 3 to 5 feet tall, making a hardy, dense hedge. Small fragrant Quinces, rich in pectin, make delicious jelly.

DWARF CRIMSON SPIREA

1412. The neat, rounded bush, 3 to 4 ft. tall, is covered with crimson-red flowers arranged in large, flat clusters from June until fall. Dark green, pointed leaves. Excellent for foundation plantings, corners or as individual specimens. Makes a low bush hedge that requires no trimming. Very hardy.

Dwarf Crimson Spirea

FORSYTHIA Spring Glory

1360. A spectacular new Forsythia which bears large, pale yellow flowers which completely cover the branches in early spring before the leaves appear. Canes grow erect with gracefully drooping tips. Glossy green foliage. Hardy in all sections of the country and thrives in all soils. Grows 5 to 6 feet tall. A brilliant Forsythia which is a magnificent sight when mature and in full bloom. If you desire a sparkling and cheerful display in your garden, try a planting!

Weigela Rosea

Iris

This Fall

Spring Blooming **IRIS**

We have made a selection of the finest Bearded Iris to assist our customers in buying Iris that are really outstanding. If we could illustrate them in color, you would be thrilled by their beauty. They are truly remarkable. We believe you will be delighted with our selection.

BLACK DOUGLAS. 2503. A rich silky, ebony blue-black flower of beautiful form.

BLUE RHYTHM. 2504. One of the all-time great medium-blues. Shade is almost cornflower blue. A fine performer; vigorous.

FLORA ZENOR. 2508. Fascinating and singular flowers of Cameo-pink. Very striking when planted in clumps.

GREAT LAKES. 2505. Winner of 1942 Dykes Medal. Pure clear blue, with flaring, crispy petal texture; beard almost white.

OLA KALA. 2507. The brilliance of this clear and deep orange-yellow is very outstanding. Heavily ruffled flower.

RED DOUGLAS. 2506. Rich glowing reddish-brown. Large flower of fine form and texture.

SABLE. 2509. Almost perfectly black, with harmonizing blue beard. A truly great Iris; large size, tall stalks, thick substance and wonderfully lustrous sheen.

WABASH. 2510. A white bicolor; pure white standards and velvety deep-violet falls. The most striking Amoena of all. Extremely tall stalks.

WAR EAGLE. 2511. Light rose-red. The flower is large and well-formed; plant is a vigorous grower and very free-flowering.

WHITE GIANT. 2512. A glistening, pure white. The bloom is unusually large and of beautiful form. Combine it with deep blues or reds for striking color effect.

Silver Queen MAPLE

**No Seed Pods — Fast Growing — New Hybrid
Excellent Shade in a Very Short Time**

1238. We are pleased to have the privilege of introducing this sensational hybrid Silver Maple to our customers.

As you know, the Silver Maple has been an excellent fast growing shade tree for many years; its only fault was the production and shedding of seed pods that were such a nuisance. Consequently, Mr. Henry Kleine of Newport, Michigan, hybridized a maple for us that has developed into a wonderful fast growing, seedless tree.

The Silver Queen Maple is a drought resistant tree, hardy in all sections, and is adaptable to a wide range of soil types. It is a beautiful shade tree, has interesting cut leaf type foliage and is pyramidal in growth habit.

The rapid growth of this maple is the answer to the problem of our customers that want shade for their homes in a short time. It certainly won't be necessary to wait a generation for shade if you plant the Silver Queen Maple.

We at Emlong's know that fast growing shade trees are desired by many new home owners throughout the United States and to many the cost of planting a large shade tree would be prohibitive. Silver Queen is the answer to this; lots of shade in a short time at a reasonable price. The supply is limited, order early.

MORaine LOCUST (Plant Pat. No. 836)

New-Fast Growing Shade Tree

1220. This sensational new shade tree will provide good shade quicker than any tree we know of, and is superior to other fast growing trees. Moraine Locust is a hardy drought-resistant tree that grows successfully on a wide range of soils. Because Moraine Locust is sterile there are no unsightly seed pods to clutter up the lawn. Moraine Locust forms a large beautifully shaped head similar in appearance to the American Elm. The finely cut foliage allows enough light to filter through to promote excellent growth of lawn, yet shade dense enough to discourage the growth of Crab-grass. Try a planting of this beautiful fast growing shade tree this fall.

Moraine Locust

New "SUNBURST LOCUST"

Colorful New Shade Tree for Your Lawn

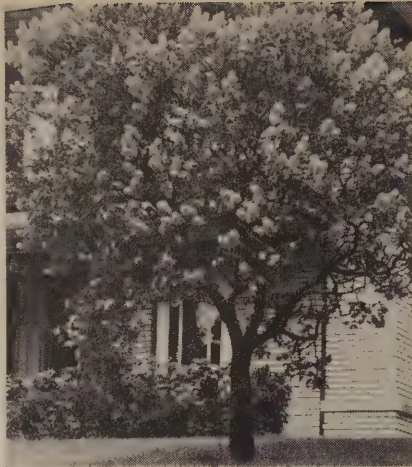

1294. (Plant Pat. No. 1313.) Now for the first time we can offer the newest of shade trees — **Sunburst Locust**. So called because 8 to 10 inches of the branch tips are covered with brilliant golden bronze foliage. The trees are more disease resistant than the common Locust and are completely free of thorns. It has excellent branching habits; it is symmetrical and broadly pyramidal. Hardy, long-lived trees that will grow in a wide range of soil and climates. Extremely beautiful when planted as a specimen in your garden or lawn. One tree will dominate your garden — yes, even your neighborhood. So be the first to have this beautiful new tree. . . . Order today.

Dwarf FRUIT TREES

FULL SIZE FRUIT ON

DWARF PEAR TREES

Bear full-sized, delicious fruit, the same as standard varieties. Often start to bear the year after planting; always produce full size crops. Ideal for the home garden and growers with limited space. Trees are very ornamental in spring with their abundance of creamy-white fragrant blossoms. Plant as close as 5 feet apart. Seldom grow more than 6 to 10 ft. tall.

Varieties:

604, Bartlett; 606, Clapps Favorite; 608, Duchess

	Each	2	4
3-4 ft. trees.....	\$2.95	\$5.75	\$11.25
2-3 ft. trees.....	2.25	4.25	7.95

SAPA DWARF PLUM

626. Tree is of dwarf habit but a rapid grower. Often starts to bear the year after planting. Trees are very ornamental in early spring when the branches are covered with shimmering white blossoms followed by an abundance of fruit. Fruit is red-fleshed, medium-sized; deliciously sweet and juicy. Small freestone. Fruit is firm, good for canning, pies and shipping. Enormous cropper even in the coldest climates. Hardy in all sections. Plant two trees for best results.

	Each	2	4
3-4 ft. branched trees.....	\$2.50	\$4.75	\$8.95
2-3 ft. branched trees.....	1.95	3.75	6.95

OKA DWARF CHERRY

628. Larger than Sweet Cherries, plump, juicy fruits are dark purplish-red all the way through with an extra good flavor. Deliciously sweet juice. Fruits are medium size, small freestone. This hardy, Hybrid Cherry Plum is an enormous cropper even in the coldest climates where Sweet Cherries do not thrive. Fruit is firm, good for shipping and canning. Makes superior jams and mouth-watering pies! Trees have a dwarf growing habit and can be permitted to branch low if desired. Trees often start bearing the year after planted. Plant in garden or shrub borders, preferably near Plum trees. Plant 2 or more trees for best results.

"SUMMER LONG"

EVERBEARING PEACH

Fresh Peaches July to September

646. An everbearing Peach tree? That's right. Just imagine a Peach tree starting to bear about the 20th of July and continuing through the 25th of September. Have fresh Peaches all summer long from one single tree.

A Modern Fruit Tree for Your Garden

This Everbearing Peach is perfect for your garden. The "Summer Long" Peach has golden yellow flesh. It is a remarkable freestone Peach which has all of the excellent qualities of other Peaches and will produce tasty fruit from July until late September. Fruit is very delicious either for canning, eating fresh or for desserts and jams.

No Wasted Fruit — Enjoy Them As They Ripen

With this Peach tree in your garden, you can enjoy Peaches for two months instead of only a week or two. It will not be necessary to plant a variety of kinds, just one "Summer Long" Peach tree for fruit all summer. These standard size trees are very hardy and require no more care than other varieties.

	Each	2	4
4-5 ft. trees.....	\$2.95	\$5.75	\$11.00

Dwarf Fruit Trees

**FULL SIZE FRUIT
IN YOUR OWN YARD**

DWARF APPLE TREES

Dwarf Apple Trees are in great demand by the grower with limited space. The small trees grow about 8 to 12 feet tall at maturity and do not spread more than 10 to 12 feet. Although the trees are dwarf in size, they will bear the same size fruit as the standard trees. They often start bearing the second year after planting. Mouth-watering fruit is produced in abundance and is easily picked. A dwarf apple tree is a beautiful addition to your landscape as an ornamental. Plant several varieties of different ripening dates and have an ample supply of apples all season long. Don't delay, plant now! **Important: Plant with bud union 2 to 3 inches above surface of the ground.** Limited supply. Order now.

DWARF PEACH TREES

We are now able to offer Dwarf Peach Trees producing full size delicious Peaches, often larger than those produced on full size trees. These trees are grown on special root stock with an ultimate height of 6 feet. The fruit can be picked from the ground without the necessity of having a ladder. The tree is easy to care for, requiring very little space and will bear fruit for many years. It is a heavy producer; providing more than enough fruit for you and your family. Also a beautiful ornamental when in bloom in the spring. You can enjoy luscious fresh peaches picked right from your own trees even though you have only an ordinary sized backyard. A perfect tree for beauty and fruit. We are offering these trees in three varieties only. **The supply of these trees is very limited. Order early.**

WILLIAMETTE – Giant Red Raspberry Heavy Producer – Vigorous Plants

718. One of the largest red Raspberries grown! A heavy producer of large, firm berries. This splendid new variety is an Oregon origination. Berries are very large, conical in shape; very firm, dark red, medium acid. Fruit ripens mid-season. An excellent variety for freezing, canning, table use, and to eat fresh from the garden. Its large size and firmness also make this an excellent variety for shipping. This new variety is very vigorous and productive and has proven entirely hardy.

Emlong's

"BRILLIANT" Super-Bearer

Patent No. 1183

EVERBEARING STRAWBERRY

THE BEST TRUE EVERBEARER

BRILLIANT ACCLAIMED EVERBEARING CHAMPION

210. Brilliant has won all records for BIG YIELD and PERFECT BERRIES. Brilliant won first place out of tests with seven new and many older everbearing varieties. Brilliant produced 7,000 quarts per acre; 2,000 quarts more than any other variety.

BRILLIANT IS A TRUE EVERBEARER

Brilliant is the only everbearer that keeps fruiting steadily all summer and fall. Brilliant is a 100% perfect pollinizer and matures to full size, uniform shape, and even color.

BRILLIANT PRODUCES EARLY

Brilliant is the quickest berry maker you ever saw. The plants are so thrifty and vigorous that unlike other everbearers, the very first blossoms can be left on to bring you perfect berries just a few weeks after the plants are set out.

BRILLIANT HAS STOOD EVERY TEST

During the droughts of past years many other Strawberry plants dried up while Brilliant produced its usual heavy crop of top quality fruit. Excessive Fall rains which usually hinder pollinization and spoil the crop of other everbearers do not affect Brilliant. Perfectly hardy, Brilliant does equally well on thin sandy soil, heavy clay, or raw muck.

BRILLIANT HAS MATCHLESS QUALITY AND FLAVOR

Brilliant berries are so bright and appetizing that you can almost taste them before they reach your mouth. They are rich and tangy in flavor, but lacking the acidity that is so common in everbearing berries. The tasty and juicy flesh is of firm texture and solid throughout. Fine for preserves, and tops for freezing.

KARDINAL KING

260. The best late Strawberry. Large, wide fruiting rows producing large, solid red, luscious berries. Full-flavored, richly sweet. Very juicy. High shipping quality.

DUNLAP

245. The sweetest, richest-flavored Strawberry. Ripens mid-season to late. Makes a solid fruiting row with medium-size, very dark red berries. Plants are self-pollinizing and very hardy.

SUPERFECTION

230. In just 12 weeks after planting you will get big, juicy, richly flavored red berries from your Superfection plants. Berries are firm, do not discolor after picking, and keep exceptionally well. Heavy producer.

PREMIER

265. One of the earliest berries to bear. Frost-resistant and dependable. The picking is best before other commercial varieties come into bearing, thus bringing "first-of-the-season" high prices. The berries are uniformly large, long, pointed in shape and bright scarlet-red; have a super-delicious flavor. Can be trucked long distances and still look fresh and appetizing. Wonderful for fancy dessert and canning. Plants are vigorous, thrifty growers and make a good fruiting row. Self-pollinizing.

STRAWBERRY PLANTS CAN NOT BE SHIPPED UNTIL OCTOBER 10

GIANT MULTI-PURPOSE BLUEBERRIES

Useful as hedges; foundation plantings. Beautiful blossoms; delicious fruit all summer long.

Giant, dark Blueberries covered with attractive blue bloom. Each bush is a fruit garden in itself. Berries are mild and sweet. Fruit ripens over a long season and keeps well on bushes and after picked.

The bushes are lovely in the spring with their huge clusters of Lily-of-the-Valley flowers. Leaves are stiff, waxy green, turning red in the autumn. Free from disease. Make the soil acid with peat moss or sulphur fertilizer. They thrive on dry land.

Blueberries can be shipped long distances and make a very profitable crop for the commercial grower. Plants usually start to bear the third year, and increase in productiveness until the tenth year. Plant two or more bushes for perfect pollenization; set 5 to 7 feet apart.

APPLE TREES

Emlong's Apple Trees will not only give you pleasant shade and lovely blossoms in spring, but a crop of large, delicious Apples too. Our trees are long-lived, quick-fruiting trees of highest quality producing an abundance of fruit. All trees are branched, well-rooted and will soon start bearing. Emlong's offer a selection of varieties that will provide fruit from early summer until late fall giving you a continuous supply of deliciously flavored Apples for eating "right off the tree", cooking and baking. Commercial growers and home gardeners alike, will profit by growing Emlong's Apple Trees.

YELLOW DELICIOUS. 308. Queen of late fall eating apples. Mild, juicy, sweet, crisp, white flesh has a flavor all its own. Thin waxy-yellow skin. Our trees bear young and abundantly.

RED JONATHAN. 314. The favorite large beautiful red Jonathan so popular with commercial growers. Flavor makes this Apple unequalled for eating fresh and cooking. Very productive.

RED MCINTOSH. 316. Emlong's large fruiting strain of McIntosh is a winner for flavor and quality. Large, red fruits with white flesh. Highly aromatic. Ripens in fall and a good seller.

YELLOW TRANSPARENT (Lodi Improved Strain.) 324. Big crops of tasty Apples for pies and cooking during summer. Hardy, thrives in all soils and bears quickly.

RED ROME BEAUTY. 320. An all-red strain of the old Rome Beauty. Trees are vigorous growers and yield heavy crops of large, evenly colored apples. Keeps extremely well.

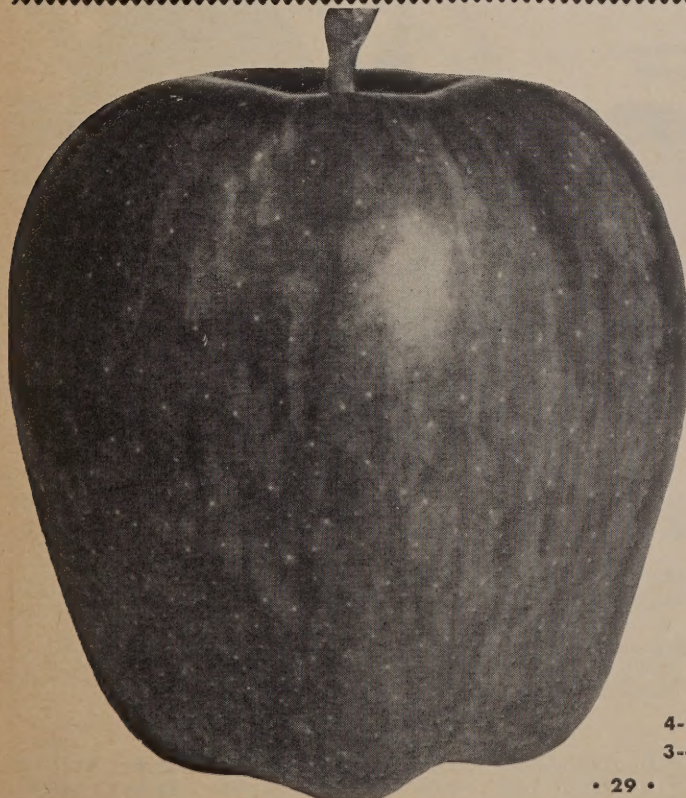

RED DELICIOUS. 306. King of the winter Apples! Richly flavored, large, fragrant, solid red fruits. Outsells all others from coast to coast.

2 Great New Peaches!

By Stanley Johnson — Originator of the
"Haven" Strain of Peaches

New RICH HAVEN — Large, Midseason

523. Fruits are large, nearly round and uniform in size and shape. Very attractive in appearance. Ground color is golden yellow overlaid with bright red bluish. Flesh is clear golden yellow with very delicious flavor. Freestone. Ripens with Hale Haven. Trees bear young, producing huge crops every year.

New SUN HAVEN — Best Early Peach

527. Here is the best of the early peaches. 10 days earlier than Red Haven. Fruit is large, round and uniform. Skin color is much like Red Haven. Flesh is clear yellow, fine textured, firm and of good flavor. Excellent freestone peach when full ripe. Heavy bearer.

Prices for Rich Haven and Sun Haven:

SECKEL. 460. Called the Sugar Pear because of its delicious sweet flavor. Ripens in late summer. Bears young and heavily. **Not available in 5-6 ft. size.**

Let us quote you on your requirements

Crimson King
Maple

MOUNTAIN ASH

Colorful Berries in the Fall

1222. A most gorgeous ornamental shade tree that grows to a height of 40 feet forming a dense, thick head. In spring, the tree is covered with white flowers in flat-topped clusters followed in late summer by massive clusters of brilliant orange berries which literally bend the branches with their load. Berries remain throughout summer and into winter, adding to the attractiveness of this fine tree. Hardy. Will thrive in any soil with little care.

	Each	2	4
4-5 ft. trees.....	\$2.95	\$5.75	\$10.95

Mountain Ash

Ornamental Trees

CRIMSON KING MAPLE

Truly a King of the Ornamental Trees

(Plant Pat. No. 735) 1208. Truly the best Red Maple grown. In the spring, the foliage is a rich deep purple red which is carried through the entire season. Unquestionably, Crimson King is a superb tree for single specimens, along streets, driveways, and every landscape purpose; providing striking contrast among other trees. Fine for city planting, not harmed by smoke, gasses, dust. Sport of the well-known Norway Maple. Habits and growth similar to Norway. Crimson King is hardy and reaches a height of 50 feet at maturity. It will live for many generations, becoming more attractive with each passing year. For color accent all summer, plant Crimson King. All trees we send are one year old summer and three year old roots. They start branching the first season.

FLOWERING DOGWOOD

A Vision of Loveliness in All Seasons

RED FLOWERING

1265. A sensational new Red Dogwood. This variety stands out among other ornamental trees as being one of the most desirable for its beauty and earliness of bloom. Showy rose colored blossoms completely cover the tree in early spring followed by dark green foliage in summer changing to gorgeous red in the fall. Bright red fruit, produced in small clusters, in Sept. and Oct. The spreading branches grow horizontally and slightly upward from the trunk producing conspicuous flowers often 3 to 3½ inches in diameter. Grows 8 to 10 feet tall.

	Each	2	4
2-3 ft. trees.....	\$3.95	\$ 7.50	\$14.25
3-4 ft. trees.....	5.25	10.25	19.95

Red Flowering Dogwood

PINK FLOWERING

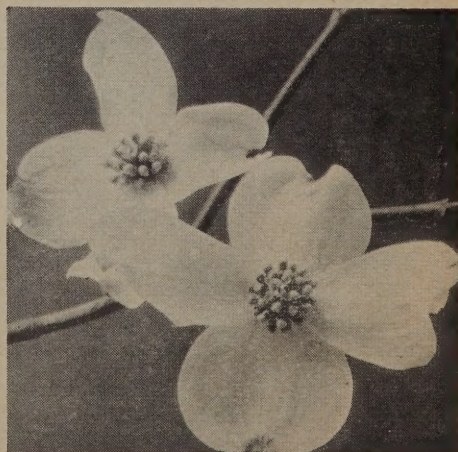

1266. *Cornus Florida Rubra*. This spring-flowering tree possesses a large measure of attractiveness throughout the entire year. Showy pink blooms appear in early spring followed by rich, dark green foliage changing to gorgeous red in fall. Grows 8 to 10 feet tall. Does well in shade.

	Each	2	4
2-3 ft. trees.....	\$3.25	\$5.95	\$11.50
3-4 ft. trees.....	4.75	8.95	17.50

WHITE FLOWERING

1268. *Cornus Florida*. Immense amounts of single flowers of creamy white which change to white cover the tree in early spring followed by red fruits. Foliage turns red in fall. One of the most delicate-appearing of all our native trees and a splendid specimen tree. When in bloom, the tree is literally a billowing cloud. Grows 8 to 10 feet tall.

	Each	2	4
